

## Large Shipment Delivery Information

When Mincey Marble has produced your order and it is ready for shipment, the material will be placed and shipped on a dedicated 48' flatbed trailer or a 53' van. The order then ships FOB Mincey Marble, Gainesville, GA direct to the provided delivery address.

A flatbed trailer is utilized for large shipments that contain panels/surrounds. All flatbed deliveries require a 5,000 lb. capacity forklift with **minimum 72" forks** to be onsite at the time of delivery to unload the crated material. **All flatbed shipments containing shower doors require an 8,000 lb. capacity forklift with minimum 72" forks.**

*Example of typical 48 ft. flatbed*

A 53' van is necessary for large shower pan, accessory or shower enclosure orders. All van deliveries require a 5,000-8,000 lb. capacity forklift with **minimum 48" forks and a pallet jack** to be onsite at the time of delivery to unload the crated material. **All van shipments containing shower doors require an 8,000 lb. capacity forklift with minimum 48" forks and a pallet jack.**
