

## Large Shipment Delivery Information

When Mincey Marble has produced your order and it is ready for shipment, the material will be placed and shipped on a dedicated flatbed trailer or a 53' van. The order then ships FOB Mincey Marble, Gainesville, GA direct to the provided delivery address.

A flatbed trailer is typically utilized for large orders with multiple types of marble items, while a 53' van is necessary for large pan, accessory or shower enclosure orders. For larger flatbed trailer deliveries, a 5,000 lb capacity forklift with **minimum** 72" forks is required. A 5,000 lb capacity forklift with **minimum** 48" forks and a pallet jack will be necessary for materials delivered in a 53' van.

For both load types, the freight carrier will place a call to you after leaving our facility. A final courtesy call will be placed 24 hours before the material arrives. This call will confirm the delivery date and approximate delivery time, allowing you the opportunity to procure the necessary equipment and manpower needed to unload. Upon the carrier's arrival, you have approximately 4 hours to offload.
