SPECIAL NOTES

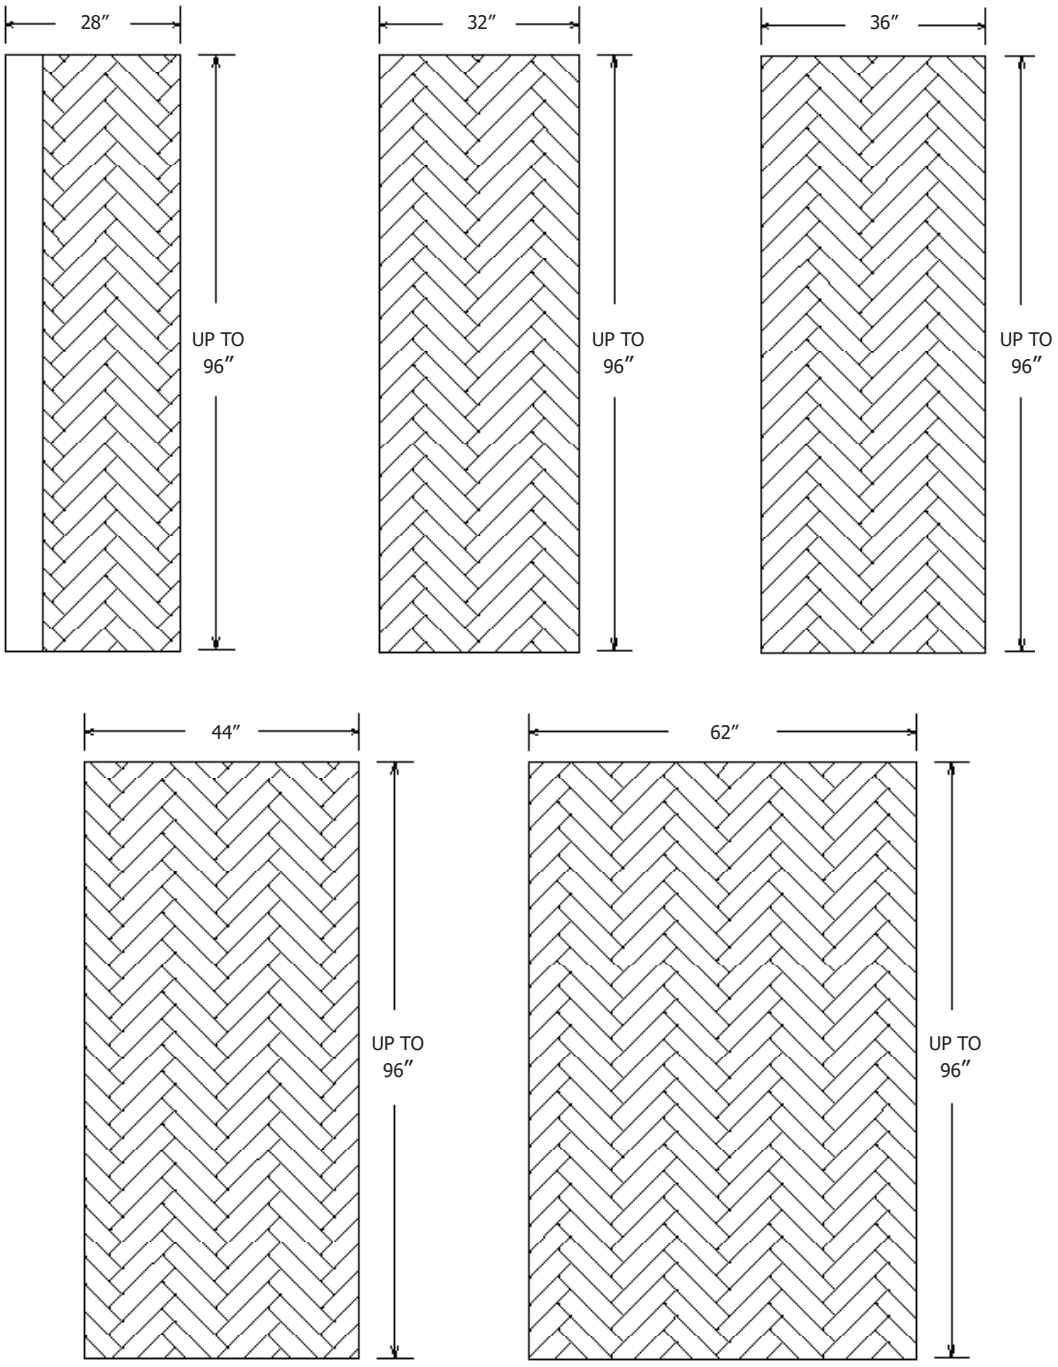

- Material: MINCOR™ - Class A fire rated per ASTM e84: Fire and smoke rated material available.
- MAS Certified Green®. Compliant with ANSI/BIFMA X7.1 standard
- 100% designed and manufactured at our location in the U.S.A. using locally sourced raw materials where possible.
- Recommended to use silicone and caulking that matches surround color.
- We recommend using cast marble adhesive for installation.
- Please Note: The Herringbone pattern makes it impossible to align the angled corner grout lines. For aesthetic purposes, we highly recommend slightly off-setting the corner lines.
- Please refer to the installation instructions for the Chevron and Herringbone panel systems.

Specifications:

- All panels are made oversized and must be measured and cut to fit on site.
- Uses include, but are not limited to, Tub & Shower Surrounds.
- Accessory and color options are available at **www.minceymarble.com**.

Please Note: Due to site conditions, walls are never true and plumb. Therefore, it is impossible to match the angled grout lines. We strongly recommend exaggerating the offset grout lines in the corner conditions for aesthetic purposes.
